NOTICE TO STAGE 1 PARENTS

Effective July 1, 2009, Child Action, Inc. (CAI) is no longer funded to provide payments for child care for parents on Stage 1 (CDSS). The County of Sacramento, Department of Human Assistance (DHA) will be making all payments for child care services on Stage 1. Stage 1 families will still be enrolled by CAI but we will have nothing to do with making payments for their child care.

Enclosed is a copy of the Last Day of Care letter discontinuing your current CAI Child Care Certificate and a new Certificate listing the days/hours that the County has authorized. The new Certificate states that DHA is responsible for payment. Also enclosed is a *CaWORKs Child Care Reimbursement Report* form (CCP2145) which is DHA's attendance form. You will need to take a copy of the Child Care Certificate as well as the 2145 attendance record to your provider. In order for your provider to receive payment, you must turn in the 2145 form to your DHA worker and the County will issue your provider's check.

DHA is still in the process of setting up their payment unit, so until that unit is in place, you will need to address all of your inquiries to your county worker.
